

BDDEPOSITORS

BD5: Easy depositing directly out of the bowl

Key features and benefits

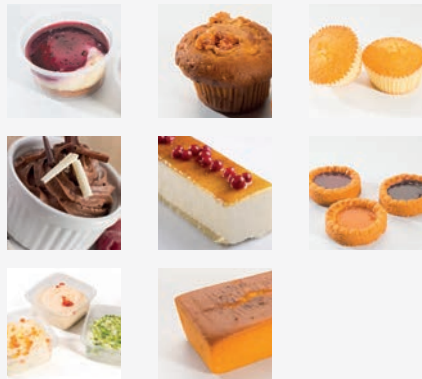

- Depositing directly from a bowl or container
- Equipped with hose and handgun
- Built of stainless steel and other non-rusting materials
- High performance depositing with great accuracy
- Extremely suitable for the production of individual products (muffins, cupcakes, desserts, etc.)

The BD5 is quickly ready for use and easy to operate. Simply place the container, bowl or pail underneath the machine and the BD5 is for depositing. All kinds of (semi) liquid masses: Cake batter, muffin batter, sponge cake, mousses, custard and all kinds of fruit fillings such as apple, strawberry, cherries and apricots.

Extremely suitable for the production of individual products

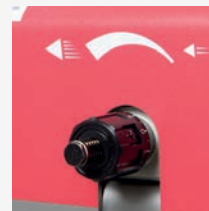

Cake batter, muffin batter, sponge cake, mousses, custard and all kinds of fruit fillings such as apple, strawberry, cherries and apricots.

A Dosing volume

B Dosing speed

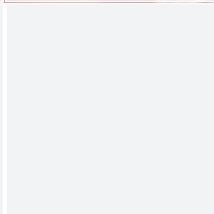

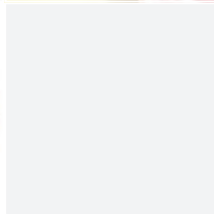

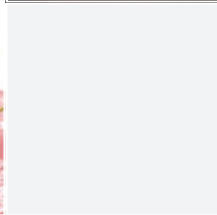

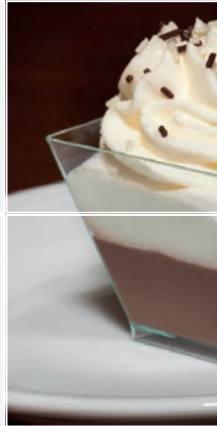

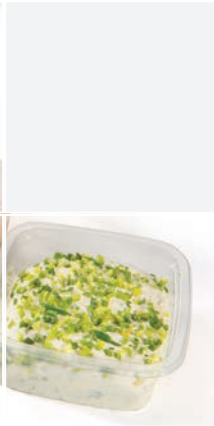

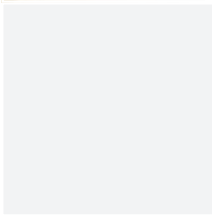

C Handgun with hose

D Pneumatic height setting

BENEFITS

- Compact
- High-performance
- Movable
- Easy to operate
- HACCP

Through energy-saving measures, such as dimensioning of electrical power and – where possible – use of recyclable materials, BAKON commits to dealing responsibly with the environment.
